

THE COLEMAN JOURNAL AND CROWS NEST PASS ADVERTISER

PUBLISHED IN THE PREMIER COAL MINING CENTRE OF THE CROWS NEST PASS
A WEEKLY RECORD OF INTERESTING COMMUNITY NEWS READ BY YOUNG AND OLD

Most Effective Advertising Medium reaching the People of Town and District. The Journal goes into the Homes.

Volume 19, No. 18.

THE JOURNAL, COLEMAN, ALBERTA THURSDAY, AUGUST 15, 1940. \$2.00 Per Year; Single Copy 5c.

Volunteers Are Needed for Registration

Co-Operation of All Is Asked
In National War Effort—Registration Dates August 19, 20, 21

All those who can give a few hours to help in the registration books on the above dates should advise Mr. Webster, who will be the registrar for Coleman. The only paid officials in this nationwide effort are the registrar for each Federal district and the deputy registrar of the individual polling booths.

Throughout the Dominion public buildings and fraternal lodge halls, schools, etc., are being given free for the purpose, for the government desires to keep the expense as low as possible, and at the same time impress on the public that as this is a war effort, their full co-operation should be given.

Mr. Webster would be glad to receive the names of all who will help. Organization for the manning of the booths must be speedily.

Registration Booths for Coleman Are Announced

Cameron School, United Church Club Room and Community Hall Listed.

Walter Williams, one of the registrars, informs The Journal that three booths have been decided on to take care of the registration.

All persons over sixteen and living west of the bluff between Second street and West Coleman will register at Cameron school.

All persons west of Mayfair avenue, that is the avenue running between the Halliwell-Fairhurst residences on Sixth street right down to The Motordrome-Government liquor store, will register at the United church club room.

All persons living east of Mayfair avenue will register at the Community hall.

All East Coleman residents south of the C.P.R. track will also register at the Community hall where two booths will be set up.

REGISTRATION IS COMPULSORY.

POINTS TO REMEMBER

Remember that printing and advertising business given to your local weekly newspaper is good business. The weekly is the mirror of local activities. It is a daily record of the week's local happenings condensed into a weekly issue and is looked for each week with keen interest not only by people living here but by those further afield who receive the paper and want to know how their friends are getting on. These firms whose ads appear in the local weekly newspaper not only set a good example but they support home industry. They also practice reciprocity, for the money spent with your very own newspaper office goes back into local retail channels in the purchases made, and local people employed pay their share of local taxes.

ROY DILWORTH

Sports commentator Roy Dilworth will bring to listeners of the CBC national network the results and stroke-by-stroke accounts of highlight events in the Canadian open golf championship from Toronto, in a series of broadcasts beginning Thursday, August 15. He is no stranger to CBC listeners, having broadcast several sports events during the past two years.

No Damage at Cameron School at Week-End

Broken Windows Replaced;
Concrete Steps Replace Old
Wooden Ones.

All quiet at Cameron school was the report received early Monday morning when enquiry was made if further damage to windows had been made by the hoodlums who have been creating havoc by throwing rocks through the windows. Concrete steps have been built to replace the old wooden ones that have given service for a great number of years.

"We Wus Robbed!"

Several Local Organizations
Taken For A Ride By "Fuel
Savings" Salesman; Deposit
Of \$50 Now Believed Lost

A man known as T. E. Edwards, salesman for Co-Operative Sales Ltd., Calgary, seems to have taken about six or eight local organizations for a ride to the tune of \$50 each.

He was in Coleman during April and May selling fuel saving machines that was guaranteed to slice a large sum from the winter's coal bills. He was successful in getting several orders, plus a \$50 deposit on each order. The total cost of the equipment was \$120. It will be remembered that he interviewed the council during the regime of Mayor D'Appolonia. At that interview he was given a thorough going over and left town a few days later. That seemingly is the last that has been heard of him.

The equipment was supposed to have been forwarded within a few days, according to Mr. Edwards. After a lapse of several weeks letters were sent to his Calgary address only to have them returned with the notice "address unknown." The matter has been placed in the hands of the Attorney-General's department and further developments are awaited.

Mr. and Mrs. Angus Hughes left on Saturday for a two weeks vacation at Vancouver.

CHANGE IN STYLE AND SIZE OF THE JOURNAL

After steadily working throughout the year, Tom Holstead, foreman of The Journal office, is taking a holiday. To help out The Journal was therefore printed at The Gazette office, Macleod. Some may not like the size of this edition, others may say it is o.k. But every reader is at liberty to express his approval or disapproval. In the meantime Tom will enjoy a brief respite from his labors, and will come back to work feeling better for the change. The co-operation of advertisers in getting their copy in early is appreciated.

Coleman Puck-Sweep Series With Wrentham

Win Third Game 4-3 To Take
Three Games Lead in Series;
Drop Exhibition Game 6-3.

Angelo's Pucksters made successful defence of the provincial intermediate title's first round challenge when they swept the first three of a five game series against Wrentham on Sunday. On Sunday, August 4, Pucksters defeated Wrentham in both ends of a double-header by scores of 6-0 and 12-1. Only one game was required for Pucksters to win the series and thus they did at Wrentham on Sunday by winning the first game 4-3. Since the series was finished as far as the playoffs were concerned the second game billed for Wrentham on Sunday was played as an exhibition game. Wrentham won this by a score of 6-3.

Marconi pitched five innings of the first game and his team made him give him a 4-2 lead to work on. He weakened badly in the fifth when he allowed one run, had two men on bases and no one out. Johnny Elick, who had been catching, took over Marconi's pitching duties, coming in from the field to catch for Elick. Johnny retired the side without further damage.

Sanderson suffered a painful ankle injury in the first inning of this game and was out for the remainder of the game and also the second game. He had to visit the Coleman hospital on Monday morning to determine the extent of his injury. Eddie Seaman was spiked and suffered a bad gash on his leg which prevented him from taking over pitching duty.

In the exhibition game Pucksters took a 3-1 lead behind the brilliant pitching of Giacomuzzi. The latter was in rare form and had Wrentham eating out of his hand. However since there was nothing at stake Angelo took him out to give Martin some play-off experience. Martin failed to possess the steam behind Giacomuzzi's pitches and Wrentham got to him for many hits which resulted in five runs. Giacomuzzi late in the game was sent back to the pitcher's mound to relieve Martin in order to retire Wrentham, who were having times much their own way.

The second round of the provincial play-offs will see Pucksters opposing Stavelly. This series starts on Sunday but the venue for the first two games had not been decided when this report was written.

Miss Mae Powell, of Edmonton and formerly a local high school teacher, is the guest of Mr. and Mrs. Frank Graham.

T. O. WIKLUND

The Canadian open golf championship holds the spotlight on the CBC schedule for the week of August 11, and here is Special Events commentator T. O. Wiklund with a pack transmitter and CBC Mobile Unit No. 1. He will be heard during several broadcasts on August 15, 16, and 17, and will present to CBC listeners a word-picture of events as gold-dom's leading stars compete for coveted honors at the Scarborough Golf and Country Club.

Pool Table Is Donated to The Legion Club

Donor Alberta Sapets Adds to Club's Entertainment Facilities; Equipment Also Included in Gift.

Coleman Canadian Legion members are as proud as peacocks this week as a result of the magnificent gift given their club by Alberta Sapets, proprietor of the Grand Union Pool Room. Mr. Sapets has presented the club with a full-sized pool table including four cues and the regulation number of balls. The gift is priced at several hundred dollars. It will be delivered to the club rooms this week.

Further improvements are being made to the basement. A new concrete floor is being laid and walls and ceiling are being redecorated. It is in this portion of the building that all entertainment features are located and it is the aim of the officials to make the basement as bright and cheery as possible.

So great has become the popularity of the dart game that it has been necessary to buy another dart board. Three boards are now available for the lovers of this sport.

ALBERTA INTERSCHOLASTIC TRACK AND FIELD

The annual provincial interscholastic track and field meet for 1940 will be held in Edmonton at the new Clarke stadium on Saturday, September 28, and students of our senior classes under 20 years of age who may be interested in sprinting activities, various jumping and throwing contests, will be given competition in the more than 45 event program now scheduled for the day.

Following along the lines of last year's gathering at Banff, the contestants will be placed in divisions according to age and full particulars and entry forms may be obtained by writing to The Interscholastic Committee, postoffice box 452, Edmonton.

Miss Ella Yates, nurse-in-training at Royal Jubilee hospital, Victoria, is spending three weeks vacation with her parents, Mr. and Mrs. J. James Yates.

Fred Found Is Honored by The Canadian Legion

Presented With Mantle Clock
And Cheque; 150 Members
Present From Pass Towns.

Canadian Legion members from Coleman and Blairmore, numbering 150, gathered at the local Legion club rooms on Friday evening to honor a fellow member, Fred Founds, who expects to leave shortly to join the Home Guard force.

The program opened with the singing of the national anthem, following which the president, Wm. Martland, gave his opening address. He then introduced the chairman of the evening, Albert Short, who in his own inimitable manner took charge of the program and kept the entertainment swinging merrily along.

The highlight of the evening was the presentation to the guest-of-honor, made on behalf of the club by President Martland, of a handsome mantle clock. In responding to the presentation Mr. Fred Founds stated "this beautiful gift to which I tonight find myself the recipient, is something which will always be counted amongst my greatest treasures. Each time I gaze upon it I will always be reminded of you, each and every one as individual friends, and the many happy days we have spent together, particularly this night when, for the first time in our new club's history, I find myself your honored guest."

A second presentation was made during the evening. This time by the members themselves, a cheque being given to Mr. Founds, Dr. Key making the presentation on behalf of the members.

Other speakers included Sidney Lloyd, Wm. Dunkley, Walter Purvis, Wm. J. Burns, M. W. Cooke, and H. Snowden. Artists included John Anderson, accordion solo; Tom Lawlor, recitation; Bud Clark, song; James Love, cornet solo; Archie McElroy, song; Bob Lloyd, song; Bert Garrett, song; Wm. Smith, song; Howard Davies, song; A. A. Pruet, song; Lyle Snowden, song; Bill Mason, piano solo.

Following the conclusion of the program President Martland gave a short address thanking those present for their enthusiastic response given the artists and speakers.

THE JOURNAL MAKES THE ROUNDS

Pte. Jim Anderson and Pte. Jesse Hirst, of Edmonton, were home during the week visiting their families. They returned to their battalion on Wednesday.

Jim remarked that The Journal is a regular weekly visitor and keeps them well informed on local happenings. "And don't think Jesse and I are the only ones that read it, it goes around all the boys."

Billie Milley and Ronnie Jones are sturdy lads, for they cycled to Waterton Lakes in a little over seven hours, and spent a few days holiday there last week. It took about the same time to return.

Mr. and Mrs. Archie Beveridge returned on Saturday from two weeks holiday at the Pacific coast. On their way out they stopped off at Nelson to visit Mrs. W. Bell and daughters, who have the Savoy hotel.

THE COLEMAN JOURNAL

H. T. Halliwell, Proprietor.

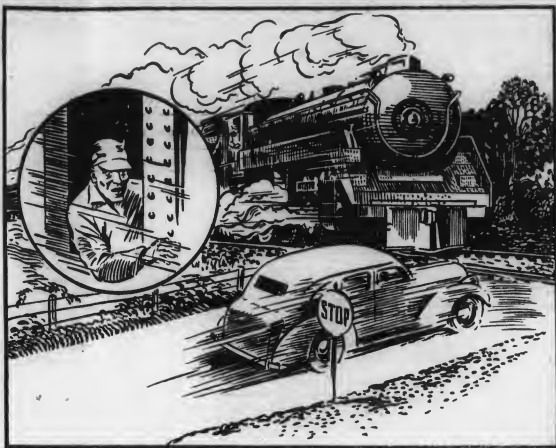

Notes and Comments

CANADIANS UNITEDLY pledge their support to the Empire's war effort. This is no time for "weak sisters" or defeatists. We have politicians who under various guises or alibis try to justify their attitude towards the government of the day and those in authority by some obscure reasoning which has for its ulterior motive the advancement of their own political fortunes. We have seen such examples in eastern Canada, and in western Canada. Political leaders who would have people believe that they can defy the Federal government are doing their best to weaken Canada's war effort.

THE COLLAPSE of France was not a surprise to those who had been in touch with its political affairs during the few years prior to the present war. A country which had so many diverse political elements, under such conditions could not elect a stable government and was unprepared for a test of strength in modern warfare with a country which had for its world objective the imposition of Nazi ideals on all nations, including Canada and the United States. Were Canadians to heed the clap-trap of those who try and tell the peoples of their prospective provinces that they enjoy sovereign rights and that they can become little "kingdoms" in themselves, we would have national disunity such as led to France's collapse. This is the plain, naked truth, and Albertans might well voice in no uncertain manner their vigorous disapproval of any politician who is not 100 per cent behind the Federal government in its war effort. We have had too much political buccaneering for the good of the nation. There is only one objective to be aimed at, and that is the winning of the war. All other issues must be set aside, for the majority are in no mood to hearken to those who place self above the Empire's need for unity from the highest to the humblest citizen of the land.

SMOKE from forest fires during the past two weeks indicates heavy losses of timber. Every summer fires break out, some from man's carelessness, others from lightning or the heat of the sun. Yet investigation proves that the majority are caused by man's negligence. Instances are frequently reported of forest rangers finding remains of camp fires, left by those who after enjoying the attractions which the forest and streams afford, are too lazy to carry a few pails of water to thoroughly quench their fires. For years the forestry service has battled against the handicap of insufficient appropriations to provide adequate protection which from experience they know is vitally necessary to safeguard the forests. There is not sufficient representation either in the provincial or Federal legislature to put up a vigorous plea for the preservation of the forests. The Province of British Columbia has tried to impress, by means of display advertising in all weekly and daily newspapers, the importance of preserving the forests, yet some of the worst fires in the mountains occur in that province. The most extensive fire in this district was in 1932, when over 700 men were on the fire lines around Coleman and it cost the province of Alberta \$32,000 to combat, this money being paid for wages, provisions and supplies needed to battle the flames.

THE cordial reception and popular "press" given to Gracie Fields in her appearance before Canadian audiences is striking, even in times of war. She has cheered the soldiers in France, and she will have done the same for thousands in Canada by the time she completes her tour. Why do some artists attain such popularity? It is often remarked that the British brand of humor does not "go over" so well in Canada or in the United States, yet occasionally instances are seen of well-known artists from Great Britain being accorded equally as cordial receptions here as in their homeland. This recalls Sir Harry Lauder. Less than forty years ago he was making his entry into vaudeville in theatres in England and Scotland with an old broken down cab horse which was led around nightly to the music hall from a nearby stable. Sir Harry still talks of those days, and how he often was in doubt if the "nag" would stand the strain. Despite these humble beginnings, he rose to the top of his profession as an entertainer and was knighted in recognition of his services in maintaining the morale of the troops and the public in the war of 1914-18. It was not an easy thing to do, for he too lost a son. Yet his songs "I

Most common of all railway crossing accidents, pictured above in this paper's series of actual fatal occurrences on the prairies, is that in which the driver of an automobile obviously sees the train but believes he can beat it to the crossing. Here is shown a totally reckless driver who has dashed past the stop sign at the roadside in a desperate attempt to clear the track in front of a speeding train. The engineer who signalled for the crossing and who had every right to believe that the road traffic would stop, has seen the car's dash and has applied the brakes, but it is too late. Death will not be cheated this time. The result of this wild driving will be shown in the next illustration in this series.

Love a Lassie," and "Keep Right on to the End of the Road," and many others were sung as cheerily in the battle lines as under the peaceful conditions of a brilliantly lighted music hall. The reason of the popularity of such artists as Lauder and Gracie Fields is that they remain absolutely themselves. They are as human and natural after attaining the pinnacle of fame as when they worked humbly as a laborer or a lass in Lancashire cotton mills. They're just "naturals!"

A FINAL word on national registration. This is a plan to register the man and woman power of the nation at the least possible cost to the government. The only officials to be paid are the registrar for the Federal district and deputy registrars of polling booths, on whom the responsibility is placed to see that the work is carried out. The government depends on voluntary help to do the rest, and thousands of helpers will be required during the first three days of next week. Do not wait to be asked. One volunteer is worth twenty pressed men no matter in what particular service help may be needed. Tell your local deputy registrar you are willing to help and arrange the hours you will be at the registration booth.

A JOB FOR THE SENATE

(The Printed Word)

ONE strang indication that the Canadian House of Commons is not unlike the late French Chamber of Deputies is that members of all shades of political opinion have been rushing to approve without question and without examination the proposal to foist on the taxpayer, the worker and the employer a scheme of unemployment insurance.

Similar schemes are in effect in Britain and the United States. In neither country are they an unequalled success. There is no reason to assume that anything better will come of the Canadian scheme.

Mr. King, as usual, is in a great hurry. He would like to clear deck of this gear because next session might be busier. That's what he says. But it has been observed that when politicians wish to put over a measure which, on examination, might not prove popular, but which possesses some political glamor, they rush it in the last days of a session.

There should be no rush for this measure, and it is hoped that the Senate, which need not be rushed if it does not wish itself to be rushed, takes the time to study this far-reaching proposal, takes the time to hear witnesses for and against in committee and, if it seems expedient so to do, gives the whole project a hoist so that, by next year, taxpayers, workers and employers will know what they will be paying in the years to come.

The Senate has been complaining that in this session it has not had any important legislative work to do. The unemployment insurance scheme is a chance for the Senate to demonstrate that it can perform a worthwhile public service.

There has been no clamor for unemployment insurance. The public would like to be sure that what it has not clamored for is worth paying for.

Moral Re-Armament In A Farm Country

In the area surrounding Borden, Sask., a number of farmers have been bringing the message of Moral Re-Armament to the community. In a municipality where three years ago 85% of the people were on relief, these men of faith have become the rallying point of the constructive forces of the district. Proof of their impact on the district was felt in the words of three of the community leaders when the overseer, the reeve and a member of the municipal council greeted them, and welcomed some MRA visitors at a meeting held recently in Borden.

At this meeting, a farmer from Alberta told how his family has learned to pull together as a team through listening to God. He said that his selfish motives for farming have changed, and now he is out to put some fiber back into the soil, and also, moral fiber into the people of his district.

Pointing out the pioneering qualities still alive in the west, another farmer said, "We farmers know how to endure hardships and overcome them and how to deal with the problems of the farm. Why don't we apply our horse-sense to the problems of the country, and root out of our souls the things that keep us from working together — just as we root out weeds from the field. That's the way to strengthen the country for the days ahead!"

Amongst other speakers was the wife of an Air Force man. Her husband, she knew, was ready to give his life for his country. She wanted to do something that demonstrated the same measure of sacrifice. "I have found what it can be," she said. "I can relieve my husband of fear and worry about us at home. God told me that woman's part in strengthening the nation was to be disciplined, to promptly obey His Guidance, and to act without fear or panic in any emergency."

Almost every day there is news from some quarter of the district.

The other day a young German fellow came in from a hard day's plowing under the boiling sun. He was singing at the top of his voice, "There'll always be an England." Talking about what MRA would mean to the youth of Canada, he said, "Young Canadians listening to God and obeying will build a solid moral fitness that will be impregnable."

A GOOD EXAMPLE TO FOLLOW

Manufacturers of nationally known goods develop a demand for their products by advertising, for experience has proved that it does bring people to the stores which retail their goods. Every retailer can follow their example and thereby create a demand for the goods which he sells. The most effective medium for Coleman retailers is The Journal, for it covers the entire district.

In the past few days the Times office has been host to Ken King's tame magpie. It hasn't the slightest doubt of its welcome, and shows commendable interest in the printing business. A little training and it might be a useful "devil." However, it has a deplorable taste for tobacco, and will clean out a stray pipe or consume the "makings" with the appetite of an addict. Its tobacco consumption is appalling, with apparently no ill effects. —High River Times.

Editor Bartlett of Blairmore reports that the House of David baseball team have decided to get rid of their whiskers, and they will now only have their hands to catch the ball.

I envy no man that knows more than myself but pity them that know less. —Sir Thomas Browne.

The essence of knowledge is, having it, to apply it. —Confucius.

Advertising is not an expense—it's an investment. Last week an advertiser quite voluntarily stated that as a result of a display advertisement in The Gazette, he sold a brand new truck. For advertising news and values people read the local weekly newspaper.

Whatever I did not know, I was not ashamed to inquire about, so I acquired knowledge. — Persian Philosopher.

IF LOOKS COULD KILL

(The Macleod Gazette)

Councillor Jim Lambert tells a rather good one. It was during mounted police days long before the present era of automobiles and other things. A very tall policeman, who later became a minister of the Anglican church, was reprimanded by a well-known superior officer for sitting down resting on a wheelbarrow, apparently in the eyes of the officer a very unsoldier-like posture for a member of the famous force. The policeman arose to his full height of 6 feet 6 inches, looked down at the officer, who was a short, stocky man, whom some of the old timers here might recognize from this description, and with a derisive look on his face, just stood and said not a word. This apparently so angered the officer that he immediately had the policeman charged with silent contempt. What the final outcome was Jim does not relate.

Concerning Jim, it is of interest to relate that he was serving in the mounted police at Dawson City at the time of the outbreak of the South African War in 1899. With a companion he mushed over 500 miles to get to the coast to embark for Vancouver, thence to Winnipeg, where he enlisted in the Lord Strathcona Horse, and proceeded to Africa in 1900, taking part in the operations against the Boers mainly in the Transvaal. He also saw service in the Great War of 1914-18. Truly a seasoned veteran in the service of Queen Victoria and later her son, King Edward VII, and grandson and great grandsons.

HOW THE SCOUTS ARE "CARRYING ON"

Throughout Canada the Boy Scouts continue to carry on their "home front" wartime activities. In various centres, as markets are available, they are collecting wastepaper, scrap metal, rubber tires, lead foil, etc., and contributing the funds to the Red Cross or other war services. Many thousands of magazines have been gathered for the Y, Salvation Army, Legion and R. of C. huts at military camps. Lawns and gardens of soldiers' families are being looked after, and arrangements are being made to assist farmers and fruit growers with their crops, if needed.

The Roman Catholic Scouts de France, the largest of three French Boy Scout Associations, numbered 68,206 members in 1939.

We Are Prepared For War's Demands

For several years these companies have been continually improving their coal cleaning equipment to ensure to buyers the highest grade fuel in heat value.

War conditions have increased the demands throughout Canada for Canadian fuels, and we are ready to fill orders on demand at short notice.

The coal industry is of vital importance to war industries, therefore must be prepared night and day to meet the demand for quick delivery.

Employing over 800 people the Coleman mines are an important factor in the industrial life of the province. Large sums in wages, taxes and royalties are required to maintain the industry on a smooth operating basis, and the management takes pride that from its early start from small beginnings 35 years ago, these mines have been developed to their present high standard of production. Our capacity is 6,000 tons daily of the finest steam coal.

Council Endorses Canadian League Resolutions

School Board Asks Council's
Co-Operation Re Damage at
Cameron School; A. Verskovy
Given Compensation For
Damage to Home.

Regular meeting of the council
was held on Tuesday evening.
Present, Mayor Antrobus, Council-
lors Aboussafy, Atkinson, Bal-
loch, Ford, Jenkins and Kerr.

Jack Derbyshire, Jr., was present
and asked council to consider
giving him more work on town
projects.

Andrew Verskovy, whose house
had been severely damaged due to
the ground subsiding was present
to present his case. This house
has been the subject of discussion
by the council for some time and
it had been decided to give Ver-
skovy compensation towards re-
pairing the house. After consider-
able discussion he was offered \$125
in full settlement of all damage.
He agreed to sign a quit claim
so that in future, should any dam-
age occur, the council will not
be held responsible.

A letter was received from Jack
Macroni drawing the council's at-
tention to the danger to pedes-
trians by motor traffic at the
curve east of Main street and lead-
ing into Blairmore road. Council
decided to build a concrete curb
at that point in order that pedes-
trians would have a definite sec-
tion of the road to walk on with-
out the danger of cars coming
suddenly upon them with the re-
sulting danger of accidents. The
council will also examine the lower
portion of the hill immediately west
of Coleman photo studio to see
if a portion of the hill could not
be stripped and so widen the road
at that point. If it is thought
advisable the Highways Depart-
ment may be asked to co-operate
in the project since the road is
part of Highway No. 3.

A letter was received from Cole-
man School Board asking Council's
co-operation and help to prevent
further damage being done to
Cameron school by persons at pres-
ent unknown. Constable Antle
was questioned and admitted he
was giving the board his co-opera-
tion. Twenty-four boys had been
in front of him last week in an
effort to find the guilty persons
but to no avail. He still was tak-
ing a keen interest in the case and
promised to do everything in his
power to find the persons respon-
sible. A letter to this effect will
be sent by the council to the board.

Mrs. Lily Fraser asked that her
taxes be cancelled. Council moved
that the taxes should remain.

A letter was received from the
Canadian Loyalty League, Pincher
Creek, setting forth two solutions
regarding increase of settlement
of sects in colonies in Canada. It
asked council to endorse the resolu-
tions and send similar ones to
Ottawa.

The resolutions read:
"WHEREAS there is great in-
crease of settlement of sects in
colonies, and in view of the fear
that this increase will in future
give rise to questions of non-
assimilable minorities which have
led to so much trouble in Europe.

THEREFORE BE IT RESOLVED
that the Dominion Government
be asked to take steps to break
up these colonies by fair re-pur-
chase of their lands to be re-sold
to citizens who will assimilate
with other nationals,

AND BE IT FURTHER RESOLVED
that the Dominion Government
be asked to repeal any
existing legislation and, or agree-
ments under which such sects may
or do receive special privileges
with respect to conscription of
men or wealth."

Business Men Praiseworthy Coleman Elks

Again The Elks' Lead in
And Support of Public Is
The Carnival — War Savi
Booths Will Be Wartime 1

Never in the history of the local
Elks' lodge have its members put
forth so much effort into their
carnival arrangements to raise
funds than they have done during
the past few weeks. War, with
its heavy hand, has been felt in
Coleman as well as elsewhere in
the civilized world. Many and
varied are the calls for aid in war
work. The Elks' lodge being a
benevolent association is pledged
to help in all war charities and
it is for this reason so much time
and effort is being put forth for
the carnival on Saturday and Mon-
day, August 17 and 19. The Elks'
want funds, lots of funds, so that
they can aid in all war appeals.
They ask the people of the Pass
to help freely. The Red Cross,
Salvation Army and various other
organizations now giving help to
soldiers in the front line trenches
still call for funds and more funds.

FOR CLEANER READING

MAYOR LA GUARDIA of New York suggests a new criterion for determining the type of magazines unfit for sale on newsstands. In a letter to 1,300 licensed news dealers of the metropolis he asks:

Have you a daughter of your own, or have you growing boys? If not, perhaps you are an uncle or an aunt to children of your brothers or sisters. Now look around your stand, please, and see if you have any magazine or publication that you would not want your own children to read. If you have such magazines that are improper for your own children, do you think it is right to have them on sale for other children? . . . I have a stack before me now. They are not only unfit for children, but the cover and illustrations are shocking and the reading matter is not fit for anyone to read. It occurred to me that as a licensee of the city you would want to co-operate with the Mayor and the schools and churches and all of the parents of the city.

The Mayor requests each dealer to make a list of magazines he would not wish his children to read and to send it to Paul Moss, Commissioner of Licenses, promising not to sell such magazines in the future.

Since indecent magazines are not found on newsstands of New York alone but in many, if not most, American cities and even small towns, this new method of attack contains a helpful suggestion for other communities. As such periodicals are offered for sale indiscriminately to children as well as adults, the test of fitness as reading for children seems a proper one. Moreover, self-policing by the news vendors themselves, of their co-operation can be enlisted, is preferable to punitive action by public authorities.

SPONTANEOUS NATIONAL EFFORT

Hon. James G. Gardiner, head of the Department of National War Services, states: "Registration must be a spontaneous national effort. I know you will do all you possibly can to make it a success in your constituency."

BOY SCOUTS TO HELP WITH NATIONAL REGISTRATION

Boy Scouts throughout the Dominion are preparing to do their part in connection with national registration of man power. In response to a request from Hon. James Gardiner, minister for national service, plans are being made for the supplying of Scouts to act as messengers at registration centres, answer telephones, serve as information clerks, and help in other ways. An important job will be assisting in securing the registration of persons who are ill and unable to reach a registration centre. Scoutmasters in towns lacking a local Scout Association and a district commissioner are being asked to themselves arrange details of service with the local registrar. Boys on duty will wear the Scout National Service armband.

WHAT OTHERS SAY

Early in the week we reprinted the w.p.b. analysis of material received from various federal and provincial departments intended to fill space in our columns. Part of it contained headings such as "Orders of dairy products bagged," "Cheese exporters to report holdings," "Sowing seeds of beans" and "Care for barnyard manure." Well, we considered this latter article as of absolutely no use whatever, for barnyard manure is being well cared for in this fair province of Alberta, but under another nom de plume. —Blairmore Enterprise.

In the training of Canada's army it is stated there is no intention of treating these men as so many human mules to be put through a stamping machine and turned out as military robots. Every opportunity will be taken to cultivate our Canadian endowment of initiative, resourcefulness and self-reliance.

PLANES BUILT FOR TRAINING PLAN

Coupled with the statement that the production of that type of plane is being increased substantially, the Department of Munitions and Supply announced that more than 20 per cent of the 808 elementary training aircraft required for the British Commonwealth Training Plan have already been delivered. The accelerated schedule calls for the completion of the order about the end of the year.

HAZARDS TO BE GUARDED AGAINST TO PREVENT DROWNING

Ottawa—Lily pools, fish ponds, brooks, and other water to be found in back yards constitute a grave drowning hazard for children one and two years of age. Of the children of this age group who are drowned each year, by far the greater number meet death in their homes or nearby, according to statisticians of the Metropolitan Life Insurance Company. Cisterns, seapools, and irrigation ditches, barrels, vats, and other liquid containers, and even bathtubs have been responsible for such drownings.

The statisticians call attention to the significant fact that more drownings take place among one-year-old babies than persons of any other age.

From the insurance company's mortality records, the statisticians set forth incidents attending some of these pitiful deaths. A typically tragic case was that of a sixteen-month-old girl who was left alone in the yard while her mother was at work in the home, kept occasional watch over her from the window. Within an hour the child had disappeared, and her body was found later in a lily pond at the side of the house.

Some of the youngsters wandered away and were drowned in nearby rivers, creeks, brooks and similar streams. Several climbed into bathtubs when their mothers left them alone "for a minute or two."

DAILY QUOTATION

(Christian Science Monitor)

Of all work that produces results, nine-tenths must be done by the hand. There is no work from the slightest to the lowest which can be done well by any man who is unwilling to make that sacrifice. And there is nothing which so truly repays itself as this very perseverance against weakness. —P. H. Harnisson.

UNWELCOME GUESTS OF THE CANADIAN GOVERNMENT

This picture shows the recent arrival of German prisoners of war at a Canadian port. They are interned for "the duration" in camps in northern Ontario. Residents in district where camps have been established do not appreciate these men as neighbors.

"THERE'LL ALWAYS BE AN ENGLAND"

There'll always be an England, while there's a country lane;
Wherever there's a cottage small, beside a field of grain;
Wherever there's an England, while there's a busy street;
Wherever there's a turning mill, a million marching feet.
Red, white and blue . . . What does it mean to you?
Surely you're proud, shout it aloud, Britons awake;
The Empire too, we can depend on you,
Freedom remains, these are the chains nothing can break.
There'll always be an England, And England shall be free,
If England means as much to you, as England means to me.

HELP THE REGISTRATION

There are many ways in which you can help the work of national registration. First, of course, register—and register early.

It is anticipated that eight million people will register during the three days—August 19, 20 and 21. That is not quite twice the number who polled their votes in the last election, but it's fairly close to it.

Perhaps the deputy registrar in your own territory could use your services. You might help on the day of registration.

It ought to be a matter of honor in this particular district to have the registration as full and complete as possible.

NATIONAL REGISTRATION

On August 19, 20, and 21 a great army of Canadian people—all those, male or female, over the age of 16—will move out to the points of registration and fill in the cards containing a number of questions.

Why is this registration taking place? This country is at war. It must put forth the utmost possible effort to accomplish its purpose. That purpose is the defeat of the enemy.

In order to do this it must marshal the full forces of the nation—all the human, moral, material and spiritual forces of Canada.

There can be no slacking. We need more planes, tanks, ammunition. To produce them we need more men, women, materials, money. The nation must produce more, spend less, and—do be frank about it—pay more taxes.

Then it is necessary that our young men should be trained for home defence. They will be called up at an early date for a brief period of intensive military training.

Yes, we are at war. Registration means simply, organization for greater effort—for victory. Register early. To answer the questions takes only a few minutes' work if you come prepared to answer. Read the questions in this paper and know the answers you have to make before you go to register. Where so many must give their all you will not hesitate in doing your part.

WOMEN AND REGISTRATION
War has always made a heavy demand on the services of the womanhood of the nation.

of the nation.

REGISTRATION IS NECESSARY

You have a date with your country on August 19, 20 or 21. Do not neglect it. These are penalties involving a fine and imprisonment, but no one should be penalized for neglect.

If you are absent from home on that day, register at the nearest point of registration. The registrar will forward your answers to the proper designation.

Answer the questions definitely, especially 14 and 17. These deal with the question of your present employment and capacity for other work. Your answers may be helpful to you as the demand for labour increases. National production for war purposes means demand for more men and women.

NEWEST LINE ADDS 196 MILES TO T. C. A.

The new Trans-Canada Air Lines line between Toronto and Windsor is 195 miles long and is flown in less than two hours. One stop is made at London, 89 miles from Toronto and 106 miles from Windsor. Connections are effected at Detroit with Chicago planes. Two round trips are made daily over the new route, linking Montreal and Ottawa directly with Windsor. The new line brings the total route mileage of the T. C. A. close to 4,000.

On August 19, 20 and 21 a great army of Canadian people—all those male and female, over the age of 16—will move out to the points of registration and fill in the cards containing a number of questions.

Make Your Clothes Last Much Longer

SMARTNESS in wearing apparel creates a favorable impression and costs little. In addition, by having your suits and dresses cleaned regularly, you add to their wearing qualities. The added pleasure you enjoy from knowing you are well-dressed offsets the cost.

IT IS SAID OF KNOWLEDGE
Imparting knowledge is only lighting other men's candle at our lamp, without depriving ourselves of any flame.—Jane Porter.

The more extensive a man's knowledge of what has been done, the greater will be his power of knowing what to do.—Disraeli.
In order to do this it must marshal the full forces of the national, the human, moral, material and spiritual forces of Canada.

204,400 ARTICLES
OF EQUIPMENT DELIVERED
During the past week 204,400 items of personal equipment for the armed forces of Canada were delivered. Production has been stepped up to keep pace with the expansion of the forces, according to Hon. C. D. Howe, Minister of Munitions and Supply. Equipment includes socks, uniforms, jackets, trousers, shirts, blankets, boots, braces, caps, and great coats.

DAILY ANECDOTE

McKinley Remembers

One winter afternoon, many years ago, a Representative in Congress from the State of Ohio boarded a streetcar in Washington, and took the last unoccupied seat. Presently a washerwoman entered carrying a heavy basket, hastened past the Congressman and proceeded down the aisle in search of a seat; but none of the men seated noticed her.

The woman was swaying uncomfortably from a strap in front of a comfortably-seated acquaintance of the Congressman, when the latter walked down the aisle, picked up her basket, and escorted her back to his seat.

Some years later, this Congressman, then President of the United States, was considering two candidates in connection with the appointment of a minister to a certain foreign country. The two men appeared to possess equally satisfactory qualifications for the post, and the President was finding it difficult to make a choice. But then he remembered that one of the candidates had been the selfish gentleman on the streetcar. The other man got the appointment. William McKinley had a good memory.

ALBERTA EDITORS TO MEET AT LETHBRIDGE

Invitations extended by the Lethbridge Herald and the Board of Trade to the Alberta Division of Canadian Weekly Newspapers Association to hold the annual convention in Lethbridge have been accepted, the dates being Friday and Saturday, August 30 and 31. The business sessions will be held on Friday at the Marquis hotel, and to give a welcome international flavor Mr. Harold Long of the Herald is undertaking to secure Mr. Warden of the Great Falls Tribune as a speaker for the convention. At 9:15 Friday evening the Board of Trade will take the convention party to Kenyon airfield to see the arrivals of the Trans-Canada Planes.

At 8 a.m. on the second day the Board of Trade will have cars ready to take the entire party to Waterton Lakes Park. Those who wish to play golf may do so, while others may enjoy a side trip to Cameron Lake. At 12:30 luncheon will be served in the Prince of Wales hotel, at which The Lethbridge Herald will be hosts. It is about twelve years since the Alberta division of the C.W.N.A. met in Lethbridge, when a very hearty welcome was extended to the visitors. It is anticipated there will be a representative gathering from all parts of the province.

Rev. and Mrs. Roy C. Taylor left Pincher Creek recently for Fairview in the Peace River district. Mr. Taylor represented Pincher Creek in the Social Credit government from 1935 to 1940. He was not among the select when candidates were named early this year.

W. G. King, of Biggar, Sask., has been elected grand exalted ruler of the Benevolent and Protective Order of Elks of Canada and Newfoundland, succeeding L. P. McDonald, of Flin Flon, Manitoba. The 1941 convention will be held in Victoria, B.C.

Council Endorses

(Continued From Column Two)

A letter was received from Holy Cross hospital, Calgary, re Miss Hilda Danyluk. It was tabled until further information regarding Miss Danyluk could be received.

A subscription to the Municipal Directory at a cost of \$2.50 was authorized.

A complaint from the residents of East Coleman, through R.C.M.P. authorities, regarding the overflow of the Grand Union Hotel cesspool located in that vicinity and only fifty yards away from the river was heard by the council. A letter was authorized to be sent to the Department of Health stating the condition of the cesspool and asking the Department to act.

A bill has been presented by Sam Sagoff regarding the grading and laying of soil on the ball field. As it seemed too high council engaged a surveyor, whose report Tuesday evening supported their contention. Mr. Sagoff will be notified that in making full settlement of the bill the council will be governed by the findings of the surveyor.

Contractor J. S. D'Appolonia will be asked to submit a price on hardsurfacing that portion of Third street starting at A. Dewar's, running up to the Haysom residence and around the curve to the Pryde residence. The width of the road to be eighteen feet.

SOFT DRINKS SALES HIT NEW HIGH

Pollution of Coleman Water Given As Reason.

Crows Nest Bottling Works at Blairmore and whose advertisement has been running in The Journal during the summer months report a new high in soft drink sales in Coleman. Restaurants and cafes as well as the private individual have increased their normal consumption due to the Coleman water supply being polluted. One party was seen to place six empty cases of soft drink bottles on the platform at the bottling warehouse. Beer drinkers will now have a good alibi for a real "souze."

A party of seventeen local people motored to Waterton Lakes on Sunday. Included in the party were Mr. and Mrs. Joe Emmerson and family, Mrs. J. L. Lombury, Mr. and Mrs. Wm. Lombury, Mr. and Mrs. Jack Nash, Mr. and Mrs. A. Webster and family, Mrs. Lawrence, a guest of the Websters from Eastern Canada, Mrs. Alex. Easton, Mrs. Stewart Milley and Mrs. W. R. Burrows.

Business Men Support

(Continued from column 6)
commodated in that way too. Regardless of whether you like to gamble or not, buy a war savings stamp or certificate.

Can Herr Hitler take it as well as he can hand it out? You will be able to answer this question on Saturday evening at Herr Hitler's private booth. He will be given three balls for 25c and Adolf will be present. It will be your privilege and pleasure to leave the balls to him and do as much damage as it is within your power to do. Free advice and encouragement will be given by the Barker. The major prizes are now on display at the local hardware. Tickets can be secured from either store.

Each evening an exhibition of dancing will be given by a young lady. She specializes in Scottish dances and will be well worth watching.

B. C. Fires Out of Control—Lynx Creek Fire Quiet

Cold Spring Fire Two Miles From Provincial Line Causing

Concern; Fernie Fire Still Raging
Fire Ranger Boulton reported Wednesday morning that a fire at Cold Spring, two miles from the provincial line was raging with dangerous fury. It is located on the old Corbin road and a large number of fighters are trying to stem its advance. It is hoped to utilize the road and creek to stop it before it gets too close to Alberta.

The fire raging south of Fernie is still out of control but not so dangerous from the Alberta rangers' viewpoint at that of the Cold Spring fire. Many men are still engaged in fighting this particular fire.

The Lynx Creek fire is now under control and Fire Ranger Chamption was expected to release some of his men on Wednesday.

A small fire was found at Island Lake on Crows Nest Lake just a short distance east of Crows Nest. The fire was put out with a fire fighting water pump. It was caused by careless campers or swimmers. Ranger Boulton remarked that such small fires are what cause the large ones. Campers, young and old, are urged to use utmost care in putting out all camp fires. Leave nothing to chance.

FORMER ANGLICAN CHURCH RECTOR SENDS INTERESTING BOOKLET

Preached at 150th Anniversary Of Consecration of Nova Scotia's Oldest Church.

We have received a copy of a booklet published in connection with the celebration of the 150th anniversary of the consecration of one of the oldest churches in Canada. This is Christ Church, Shelburne, Nova Scotia. Rev. R. A. Robinson, who was the first clergyman resident in Coleman and organized the Anglican parish here, was rector of this church for thirteen years till his retirement about four years ago.

The town of Shelburne was founded in 1783 by Loyalists largely from New York. There were about ten thousand of them, but the great majority moved away during the first few years as there was no means of a livelihood for so many. The church was built in 1789. It would seat four or five hundred people. The consecration ceremony was carried out by Bishop Charles Inglis. He was bishop of Nova Scotia, or, as a matter of fact, of all of what is now Canada, along with Newfoundland and Bermuda. He was the first Anglican bishop in the Empire outside of the British Isles. It is believed that the church at Shelburne was the first to be consecrated by him and hence the first to receive that rite from a bishop in the Empire.

Bishop Inglis had been rector of Trinity Church, New York. Shortly before he left there to follow the flag as a loyalist, the story is told that a company of armed "rebels" entered the church at the hour of Sunday service and warned Mr. Inglis that he must not pray for the king. He paid no attention to the warning, prayed for the king and royal family as usual and nothing happened. Many of the founders of Shelburne had been parishioners of the bishop in New York and he expressed his pleasure, on his visit, at meeting so many he had known so well.

The services at the celebration were, Holy Communion at 8:30 a.m.; morning prayer at 11, with Archbishop Hackett of Nova Scotia as preacher; the main celebration at 3 p.m., when Canon Morris, the oldest surviving former rector, gave an address appropriate to the occasion; and evening prayer at 7, when Rev. R. A. Robinson preached. There were very large congregations.

Rewards come to those who are persistent in their effort to accomplish things. To succeed, you must hitch your wagon to a star. Inspiration and imagination are essential qualities to help any individual to bigger things in life.

The more a man knows, the more he is inclined to be modest. —Fielding.

Light and Power At Low Cost

Are Essential To Progress

IT is not many years since these services were costing people twice as much as the present low rate. Efficient operation has enabled costs to the consumer to be lowered, so that a more liberal use of light and power is possible to stores, offices and residences.

People like a well-lighted town. Customers are attracted to brightly illuminated stores.

It is good business to use plenty of light. In the home it brings added comfort and pleasure.

Do not grope around or try your eyes with inadequate lighting; enjoy the comforts which the service provides on a 24-hour continuous basis.

 ent of many beautiful and useful
 gifts. * * *

ANNOUNCEMENT

Mr. and Mrs. Harold Turner, of
 Coleman, announce the marriage
 of their only daughter, Helen Han-
 cock, to Fred Hill, second son of
 Mr. George Hill, and the late
 Annie Hill, of Passburg. The
 marriage took place on July 13,
 at St. Stephen's church, Calgary,
 Archdeacon Swanson officiating.

LETTERS TO THE EDITOR

Editor, The Journal:

Please allow us, through the
 columns of The Journal, to address
 certain citizens of Coleman.

It has been brought to our at-
 tention that some individuals have
 accused us of making malicious
 statements to certain McGillivray
 mine officials before we enlisted
 in the S.A.R., a battalion now
 stationed at Edmonton. We take
 this opportunity to refute those
 charges. They were never made
 by us and to those people who
 wish to investigate further we
 direct them to Messrs. H. S. Mc-
 Donald, mine superintendent, and
 J. O. C. McDonald, pit boss.

Your truly,
 JAMES ANDERSON,
 JESSE HIRST.

REGISTRATION STARTS ON MONDAY August 19th

Commencing Monday, August
 19th, Canada calls on her citi-
 zens, 16 years of age and over,
 regardless of nationality, to register.
 Because of the magnitude of this task
 the Government asks those who must
 register to study the questionnaire care-

fully. Every question must be answered
 truthfully and without evasion. It is
 imperative that every one 16 years of age
 and over register. You will make the
 whole task easier for yourself and the
 Government by registering early. Regis-
 tration will last for three days only.

REGISTRATION DATES August 19th, 20th, 21st

EVERYONE CAN HELP — To keep the cost of this registration at a minimum
 the Government is asking the co-operation of all public-minded citizens in the work of regis-
 tration. You can help by getting in touch with your local registration officials and offering your
 services.

WHERE TO REGISTER

Registration offices are being set up by electoral districts fully and
 in the same manner as in the last Dominion election.

Registrants are required to register in the regular polling sub-
 divisions of their own constituencies. But should a registrant be in
 some other province or district out of the regular polling subdivision
 on Registration Days, he or she may register at any registration office
 convenient, upon satisfactory explanation to the local deputy registrar.

Penalty for Non-Registration — Failure to register will make any male or female, married or single, over the age of 16 years,
 liable to a fine not exceeding Two hundred dollars, or to imprisonment for a term not exceeding Three months, or to both such fine and impriso-
 nment, and moreover to a further penalty not exceeding Ten dollars for each day, after the day upon which he should have registered, during
 which he shall continue to be unregistered.

Your Registration Certificate

To every person answering the questionnaire fully and
 satisfactorily a certificate of registration will be issued by
 the local deputy registrar. This is a small card which must
 be carried on the person at all times.

Published under the authority of **HON. JAMES G. GARDINER**
 Minister of National War Services

OF LOCAL INTEREST

Robert Borden was a Lethbridge visitor last week.

Will Milley, sr., spent a few days holiday in Calgary.

Miss Gladys Lees started her two weeks vacation this week.

Mr. and Mrs. Henry Zak, sr., are visiting at Fairmont Hot Springs and Canal Flats for ten days.

Mr. and Mrs. D. Ennis and Mr. and Mrs. Henry Zak, jr., were Waterton Lake visitors on Sunday.

Miss Olga D'Appolonia is spending part of her vacation at Creston.
